# About Marylanders Online

**Marylanders Online** is an initiative through the University of Maryland Extension (UME) and the College of Information (INFO) with support from state funding. The Marylanders Online program serves as an accessible digital literacy resource that is working to close the digital divide experienced by the millions of Maryland residents who lack access to the internet, a digital device, or the skills to utilize either. Through the provision of quality resources - from education and training to curricula and tech support - the mission of Marylanders Online is to promote digital literacy, equity, and inclusion throughout the state of Maryland.

## TECH SUPPORT HELPLINE
